EXPERIENCE

1. Frontend Developer

[A to Z Debug](#) · Full Time

Sept 2023 – Present | Guwahati, India

Technology Stack: JavaScript, React, Redux, Git, Next JS, GraphQL, Typescript, Docker

1. Leading the development of front-end features for web applications using **Next.js** and **React**.
2. Collaborating with cross-functional teams to deliver responsive, optimized user interfaces.
3. Mentored and provided technical support to fellow interns, enabling them to grasp Redux and React concepts effectively.
4. Worked on company projects involving front-end and backend development, API integration, and performance optimization using React, Next.js, Redux, GraphQL, and Node.js.

EDUCATION

1. Higher Secondary

S.P.P College – 785684

June 2017 - June 2019

2. Bachelor of Computer Application (B.C.A)

Sibsagar Commerce College – 785640

August 2019 – August 2022

CGPA: 7.2 Percentage:72%

SKILLS

HTML | CSS3 | JavaScript | TypeScript | ReactJS | Next.JS | Astro | Redux | NodeJS | ExpressJS | Vue | Nuxt | jQuery | REST APIs | Git | PHP | SQL, NoSQL Databases | Responsive Design | Markdown
GraphQL | Contributor to open-source projects | RTK Query |

ADDITIONAL SKILLS

Programming Languages: Golang, Python, C, C++

Backend Web Development: Node.js, Express.js, Django, NestJS.

Database Management: MySQL, Firebase, PostgreSQL.

Deployment: Docker, AWS, Heroku, Render.

UI/UX Design

PROJECTS

Personal & Academic Projects:

- Applied skills in React.js, Node.js, Express.js, Redux, Go, Socket.IO, and Material UI to build interactive web applications.
- Implemented features like authentication, real-time messaging, user notifications, and secure data storage.
- Designed REST APIs and managed databases using PostgreSQL, MongoDB, and Firebase.
- Utilized Playwright and Python to develop an automated web crawler with GUI support.

Company Projects:

- Developed and optimized front-end components in React and Next.js.
- Integrated APIs, managed state with Redux, and optimized performance.
- Worked on GraphQL queries and mutations for data handling.
- Ensured cross-browser compatibility and mobile responsiveness.
- Assisted in backend development tasks using Node.js and Express.js.

OPEN-SOURCE CONTRIBUTION

1. React Documentation Translation

Contributing to the translation of React documentation to Hindi on GitHub repository: [hi.react.dev](https://github.com/hi.react.dev)
